NOTICE

TOWN OF MATTAPOISETT RESIDENTS

The Town of Mattapoisett Water Department during routine water sampling has received positive results for fecal coliform bacteria.

The Environmental Protection Agency and Massachusetts Department of Environmental Protection pursuant to 310 CMR 22.16E requires the following statement:

The United States Environmental Protection Agency (EPA) sets drinking water standards and has determined that the presence of fecal coliform or E-Coli is a serious health concern. Fecal coliform and E-Coli are generally not harmful themselves, but their presence in drinking water is serious because they usually are associated with sewage or animal wastes. The presence of these bacteria in drinking water is generally a result of a problem with water treatment or the pipes which distribute water, and indicates that the water may be contaminated with organisms that can cause disease. Disease symptoms may include diarrhea, cramps, nausea, and possible jaundice, and any associated headaches and fatigue. These symptoms, however, are not just associated with disease-causing organisms in drinking water, but also may be caused by a number of factors other than your drinking water. EPA has set an enforceable drinking water standard for fecal coliforms and E-Coli to reduce the risk of these adverse health effects. Under this standard all drinking water samples must be free of these bacteria. Drinking water which meets this standard is associated with little or none of this risk and should be considered safe. The Department of Environmental Protection and local health authorities recommend that no additional action is required at this time. The Mattapoisett Water Department will advise of further test results.

For more information, contact William Nicholson, 33 Church Street, Mattapoisett, MA 02739. Telephone: 508-758-4161.

ADDITIONAL STATEMENT

The Mattapoisett Water Department has sampled other locations throughout the water system and the results of these tests showed no signs of bacteria.

The results of the positive fecal bacteria sample has been localized in one area of town near the intersection of Barstow Street and Church Street.

The Water Department has been surveying the water system for the possible source of the contamination and has been flushing the affected area.

There has not been a boil order issued at this time, but anyone who has any concern could bring water to a boil and keep it boiling for two to five minutes before using it for drinking and cooking purposes.

The Water Department will continue sampling and provide additional information as it becomes available.

Water Problem

MATTAPOISETT SELECTMEN'S MEETING
NOVEMBER 12, 1991

William Nicholson, Water Department Superintendent, and Water Department Commissioners met with selectmen last Tuesday concerning a localized problem with the town water supply system. Mr. Nicholson said that following the townwide flushing of the mains, a series of routine tests had been taken throughout the town. One location, Church and Barstow Streets area, had shown a positive result for fecal coliform bacteria. The Massachusetts Department of Environmental Protection was notified at once, and the Water Department began flushing the hydrant at the location. The initial 4 days of flushing at a rate of 100,000 gallons per day resulted in a negative test. The tests continued negative over the weekend and through Monday, November 11th. Then a test was taken with positive result. The public had been notified through the radio and newspaper as is standard procedure. This bacteria count was of a low reading so that no boil order was required. Mr. Nicholson said that if residents in this area were concerned they could boil their drinking and cooking water for two minutes.

He said that testing had been done at the wells, the tanks and at locations throughout the town. The only positive test had been noted at this one location at Church and Barstow Streets.

Mr. Nicholson said that the whole water system flows down to this location which is the low point and that perhaps the recent flushing of the mains had riled up something in the process.

At the conclusion of Mr. Nicholson's outline of the problem and the continuing steps to eliminate it, Selectmen Chairman John DeCosta thanked him for all of his efforts. He said the board was aware of the long hours that the superintendent had been working and expressed the gratitude of the townspeople.

The flushing continues until test results show no sign of bacteria. Mr. Nicholson said that water in the town system is under a pressure of 65 pounds so that any break would result in a leak-out. There are few connections to the water supply that exceed 65 pounds pressure so it is unlikely that anything is entering the system; however, every possibility is being checked. WARRANT REVIEWED

Finance Committee members met with selectmen to go over the proposed draft of the warrant for the Special Town Meeting to be held at 7:30 p.m. on December 2nd at the Old Rochester Regional High School. The warrant draft contains 17 articles.

The selectmen and the finance committee members discussed the articles and the funding at great length and the finance committee recommendations were presented to the board. In general, to finance the articles: $48,940.54 would come from free cash; $6,500 from the stabilization fund; $40,000 from the landfill account, $50,221.22 from overlay surplus, if voted by the special town meeting.

The selectmen, noting that this warrant would deplete the free cash almost entirely, will call a meeting with town department heads to explain the situation and to make them aware of the necessity of staying within budget.

DISCUSSION OF FEE STRUCTURE

Selectmen discussed fees noting that the building inspector would like to leave fees as they now stand, particularly because of Hurricane Bob. Building inspector Andrew Bobola felt that the town should not increase the burden on the townspeople.

Following a discussion of the various fees, the selectmen voted to adopt the License Fee for 1992 as now set.

ROOF REPAIR

Building Inspector Bobola informed selectmen, by letter, that he had inspected the south side of the main roof at Town Hall which shows a major need of replacement. He stated that he had talked to Jeff Canty of Canty Roofing and Mr. Canty said that if it could be held off until spring of 1992 his firm would supply the labor free of charge if the town would supply the materials.

He estimated that the cost of the materials would be approximately $1,100 for the south side of the main building.

DISASTER RELIEF

Correspondence was received from Congressman Gerry Studds providing an update on the status of FEMA Disaster Relief Funds. The Congressman advised that the House has approved more than $700 million for this program for emergency spending. The Senate is scheduled to vote soon. However, following the Senate vote, the bill will be forwarded to the President, who has relayed his intention to veto. Mr. Studds will advise of any further action on this bill.

Young Peoples Theater, MAC

The Lion, The Witch and The Wardrobe, the first and most famous story of the Narnia Chronicles written by C.S. Lewis, will be presented by the Marion Art Center Young Peoples Theater.

The story, dramatized by Joseph Robinette, begins when four children inadvertently wander from an old wardrobe into the magical land of Narnia. Most of the strange and wonderful creatures they meet there are friendly, but there are those who will stop at nothing to prevent the children from aiding Aslan, the great Lion, in his struggle with the White Witch.

This is a classic tale of good over evil.

Miss Paull has done this program at the Millicent Library in Fairhaven for a number of years and it has become a tradition in the town. The Museum will be trimmed for the occasion, carols will be sung, and refreshments will be served. Please include us in your holiday festivities.

JENNIE HILLER LUDMAN

It is with sadness that we note the death of a special lady, Jennie Hiller Ludman. We met her first two years ago on one of our historic walking tours of the neighborhood and at that time she was asked if she could write down some of her memories of Mattapoisett in the early 1900s. You know the result because you read them in the Presto Press. She was a prolific writer and shared ten chapters of her memories with us for which we are grateful.

LOOKING AHEAD TO 1992

In February (date to be announced) we will have a program at the Museum sure to be of interest to all - old-timers as well as newcomers. Judy Gurney, Town Historian for the Town of Rochester and author of "Tales of Old Rochester", will share with us the early history of the Town

You MUST pick up your food at this time; we cannot store it for you. If you do not pick up your food order you will lose it.

Try to bring a good-sized sturdy box, and use it again next month. A banana box or egg box from the grocery store is good and it has a handle. Large laundry baskets work well too. We will have some boxes from the warehouse but not enough.

The pick-up is held at the Rochester Town Hall.

Marion Christmas House Tour

On December 14th from 10 a.m. to 4 p.m. the Sippican Woman's Club of Marion will hostess their sixth annual House Tour, "Christmas Around the World", in Marion Village. All proceeds from the event will benefit the scholarship fund.

The tour will begin at the clubhouse which was known as Handy's Tavern when it was built in 1812. At the clubhouse, there will be a display of ornaments and decorations reflecting Christmas customs around the world. Brochures, including a map which describes the homes open to tour, will be given to ticket holders. The homes may be visited in any order.

Highlights of this year's tour are:

A contemporary home furnished with antiques; a home where the outdoors and indoors meet, even in winter, an ideal vacation house with expansive marsh views, a home with spectacular ocean views.

Once again the Sippican Historical Society on Front Street will be open, and Mr. Edmund Tripp, Curator of the society, will be on hand to answer questions. A new addition to the tour this year is the Marion Art Center at the corner of Main and Pleasant Streets, which was built around 1830 as

Congregational Church

This month students at Old Rochester put on Arthur Miller's The Crucible, a timeless play about intolerance and the abuses of power. The lessons from the poignant lines speak to us today, just as they rang loud and clear during the early 1950s when the play was written. During our worship some members of the cast will read short segments of their parts, and explain what these ideas mean to us today, in our personal lives, our communities and our churches. Everyone is invited to hear the word of God as expressed through the hearts and minds of six thoughtful teenagers from our high school. "In What Times Do We Live?" will be title of the sermon at the Mattapoisett Congregational Church this Sunday. Our worship service begins at 10:00 a.m. and nursery service is available.

ESTABLISHED 1752

Available Here

CASWELL-MASSEY invites you to lose yourself to the joy of fragrance at its best. Since 1752, when we first began to serve the well-to-do carriage trade of Newport, we have been a favorite for individuals with a passion for the best. It is a passion we have shared with George Washington who bought our Number Six Cologne by the case for his own use and to give to his friend the Marquis de Lafayette ... and with a long line of luminaries, among them Greta Garbo, Edgar Allen Poe, Sarah Bernhardt, Maurice Chevalier, Errol Flynn, White House families ... The passion continues to this day. Immerse yourself in the legends and lore behind our old-world preparations, fine fragrances and opulent range of rare and unusual bathing essentials. You will find each bespeaks a quality and craftsmanship rarely found today. Enjoy.

We are still looking for pick-up trucks to sit at the A&P for ½ hour. If you can donate ½ hour please call Donna Ciobro (763-3375) or Polly Savaria (763-2801). We appreciate any time you can give.

Marion Recycling

The Marion Recycling Committee would like to thank all the participants in the recycling program for bearing with us these past few months. The program had to be suspended for a few weeks because of the hurricane clean-up and then there were Monday holidays which made East Marion pick up fall on a garbage day. When that happens there will be recycling as usual, simply separate your recyclables from your regular garbage container. Label recyclables, i.e. those in trash barrel, etc.

Also, because of the increased amount of recyclables being picked up, we have to re-emphasize the proper way to leave them curbside.

PAPER - please no bags - tie in bundles which makes it easier to handle and keep dry if it rains.

PLASTICS - wash and squash. No tops or rings, #1 and #2 and water/juice jugs only.

CANS - rinse, do not need to squash, food and beverage only.

GLASS - this is our biggest problem.

If the load becomes contaminated, the whole load will be rejected which is what happened recently. So, no caps or metal rings and please remove metal label from wine bottles. Green, clear and brown bottles ONLY, no mirrors or window glass etc.

You are still welcome to bring your recyclables to the transfer station, but they must be left for the attendant so he can screen out any contaminants. Sorry, no more throwing glass. The glass and plastic area will be off bounds.

Remember that the first and third Wednesday of the month are recycling days - rain or shine. In January we may have to alternate weeks between East Marion and the Center because of the volume of recyclables.

Financial Aid Info Night

The ORR Guidance Department will sponsor the Annual Financial Aid Information Night on Monday, December 9th, at 7:30 p.m. in the ORR Cafeteria. Parents of ORR seniors should make every effort to attend this most important and informative presentation.

Financial aid is a critical issue for all students contemplating post-secondary education. Students may qualify for aid for further education at a trade/technical school, community college, junior college, or four-year college or university. All families are encouraged to apply for financial aid. It is almost impossible to predict how this process may affect the students and the decisions which need to be made in the next few months.

Filling out the forms correctly can eliminate delays which might jeopardize aid packages. The Financial Aid Forms (FAF) will be available at this meeting and in the Guidance Office during school hours in December, January, and February. Each family, however, will only be issued one copy of the FAF due to supply limitations.

The Guidance Department and Administrators urge seniors and their parents to set aside the evening of December 9th. Information on local scholarships will also be available at this time. All ORR counselors will be in attendance and coffee will be served.

Parent Advisory Council

OFFICERS FOR 91-92

The organizational meeting of the Parent Advisory Council for Chapter 1 at Old Rochester Regional Junior High School was held on October 29th. The newly elected P.A.C. president for 1991-92 is Gini Cutler, and vice-president is Judy Kilpatrick.

Chapter 1

Margaret M. DeMello, Chapter I tutor, attended the monthly meeting of the Chapter I Dissemination Project Board of Directors held in Boston on October 10th.

The ongoing challenge of integrating Chapter I services into the classroom was discussed at length. The difficulties of conforming to the federal guidelines in this model are a concern to parents, teachers, and administrators. Jack Baptista, State Chapter I Director, will hold several workshops on delivery models in November to clarify the situation.

Further discussion centered on an evaluation of last year's State Conference held in May in Hyannis. Claire Anderson, Project Supervisor, reviewed comments, identified the 1992 conference committee, and asked for input for presentors for next year.

4-H Begins Season

Our first 4-H meeting was to plan events for this coming year. At this meeting new members were introduced. On October 15 we had our second meeting. We elected

Beach Clean-Up

Miss McQuillan and six students from the sixth grade at Old Hammondtown School pitched in on Saturday, October 19th, to help the Mattapoisett Land Trust clean up Angelica Point.

During the clean-up a telephone pole was found washed up on the shores from the hurricane. Mr. Charles Duponte, a member of the Land Trust, used a tractor and backhoe to move the pole to a protected spot where it was erected for the students' on-going Osprey project. A perch and nesting platform will be placed on the pole at a later date.

Budding Architects

Students in Mr. Spark's sixth grade class at Old Hammondtown School were challenged to build a tall tower. The materials they used were spaghetti strands, miniature marshmallows, three centimeter lengths of masking tape, and one ping pong ball. Each material was assigned a dollar value. The tower was then judged and earned points according to the following criteria:

1. It must support the ball.
2. It must be free standing
3. Tower height
4. Cost of materials

5. Construction techniques

The students worked in teams of two - three, grouped randomly. They tried to build the tallest tower for the lowest cost.

After the students watched a video, taken during the activity, Sandy Collins recorded some of her classmates' observations. "I thought it was fun, but the marshmallows kept sticking to everything so you couldn't start over once you started." "Next time, since we know how to do it now, we will get it finished in a shorter amount of time." "I liked it because I learned from it and it helps you to be more creative." "It's learning while you're enjoying it." "It's kind of boring, especially for people who don't like math." "It's fun for people who like building and we learned to work together." "It really forced our thinking caps on and taught us gravity." "It taught us how to make use of materials. We made it work in different ways."

Word Processing, O.H.S.

All students in grades four-six at old Hammondtown School have been learning a word processing program called MAGIC SLATE 40. Mrs. Brammer and the classroom teachers have integrated language arts with computer skills by asking the children to write brief essays and poetry which help to express their feelings, wishes, and future aspirations. Mrs. Glow, our art teacher, is helping them to draw self portraits. Each student has their own data disk for saving their work and a personal folder in which they can store ongoing project material.

The computer project theme this year is "MY HOPES, MY DREAMS, MY FUTURE". Beginning with the Thanksgiving essay, "What am I thankful for?", there will be several displays of the students' work. If you happen to be at the school in the coming weeks be sure to stop to look as well as read. Around the holidays we'll be sharing our desires for a better world with "If I could grant the world three

Friends of the Elderly

SPECIAL GUEST ON ACTIVITY DAY

On November 13th the Seniors were visited by Connie Perry. Connie came to the Village Court to talk about "Babies with AIDS". There is a great need for quilts, afghans, caps and booties. Connie suggested that if any of the seniors would like to participate it would be greatly appreciated. Many of the seniors were more than glad to help. If there is anyone else who would like to help in this project (young and old) please feel free to come to the Village Court on activity Day. This is a world-wide problem and our hearts and prayers go out to these babies. The Friends of the Elderly would

All you have to do is pencil "Activity Day" in on your calendar, no reservations are required.

Veterans' Update

VETERANS' SURVIVORS MAY BE ELIGIBLE FOR COMPENSATION BENEFITS

Survivors of service persons who die while on active duty or veterans who die as a result of a service-connected disability are eligible for Dependency and Indemnity Compensation benefits from the Department of Veterans Affairs. A surviving spouse and children are also eligible when a veteran who has been rated as permanently and totally disabled from service-connected disability for at least ten years prior to death, dies from non-service connected causes.

Benefits for a surviving spouse range from $594 to $1,524 depending on the pay grade of the veterans while in service. Lower amounts are paid to surviving children when there is no surviving spouse eligible.

Parents of a deceased veteran may also qualify for compensation payments if income is under $10,908 per year for two parents living together or a parent who is remarried. The income limit for a parent

Great American Smokeout

This year the American Cancer Society will celebrate the 15th anniversary of its Great American Smokeout on November 21st by again encouraging smokers to quit for a day ...and possibly for good. According to a Gallup survey, 37.8% of the nation's smokers, or 18.9 million people, heeded the Smokeout challenge last year, and 7.4 million stayed off cigarettes for the day. Even though the Smokeout officially began in 1977, the event's roots reach back to 1971. That year Arthur P. Mullaney challenged the citizens of Randolph, MA to give up cigarettes for the day and donate the saved money to a high school scholarship fund. Mullaney coined the term Smokeout. Later Lynn R. Smith, editor of the Monticello Times in Minnesota, spearheaded that state's first D-Day or Don't Smoke Day. D-Day spread like wildfire through Minnesota and then blazed west to California where it became the Great American Smokeout.

It is estimated there are 38 million ex-smokers in the United States. Certainly

AT NEW BEDFORD'S ZEITERION

The 1991-92 Greater New Bedford Concert Series (GNBCS) presents Verdi's opera, "La Traviata", on Tuesday, November 26th, at 8:00 p.m. at the Zeiterion Theatre. The Western Opera Theater, the professional touring company of the San Francisco Opera Center, will perform this classic romantic opera in English with orchestra accompaniment. Celebrating its 25th anniversary, the Western Opera Theater returns to the Zeiterion having performed "Lucia di Lammermoor" and "Carmen" during the past two seasons.

19th century Parisian courtesan, the opera tells the tragic tale of Violetta Valery and her sacrifice for love. The roles of Violetta and her lover Alfredo are among the most challenging in the operatic repertoire, encompassing virtuosic displays of vocal embellishment.

Soprano Diane Alexander of Providence, RI will sing the role of Violetta at the Zeiterion. A graduate of Rhode Island College, she has been a soloist with the Opera Company of Boston, the John Oliver Chorale in Boston, the Rhode Island Philharmonic, Cabot Street Playhouse, Opera Rhode Island and the New Music Ensemble of Rhode island.

Western Opera Theater, the only professional opera company that tours nationally, was created in 1967 to bring high-quality productions of live opera to communities throughout the United States. With emphasis on the highest musical and theatrical standards, Western Opera Theater has given over 1,500 performances of 37 operas before over 2 million people across the United States during its 25-year history. In 1987 the company became the first professional opera company to perform in the People's Republic of China, and made its first tour of Japan in 1991.

"La Traviata" is a special offering of the Greater New Bedford Concert Series which will also present the violinist Elmar Oliveira in February, and the pianist Rudolf Firkuany in May.

Tickets for "La Traviata" are $20.50, $24.50 and $28.50; senior/student $2. discount; group rates available. Tickets are available at the Zeiterion Box office at 994-2900, and are also available at all Ticketmaster locations or by calling Ticketmaster at (617) 931-2000.

The Zeiterion Theatre is located at 684 Purchase Street in historic, downtown New Bedford. The theatre is wheelchair accessible.

"La Traviata" is presented by I.C.M. Artists, Ltd. The Greater New Bedford Concert Series is supported, in part, by the Massachusetts Cultural Council, a state agency, with funds from the Council administered by the New Bedford Arts Lottery Council. Country Christmas Concert

COMING TO ZEITERION

Larry Gatlin and The Gatlin Brothers with LaDonna Gatlin will perform a Country and Christmas Concert at New Bedford's Zeiterion Theatre on Friday, November 22nd, at 8:00 p.m. WCTK 98.1 FM, New Bedford's country radio station, is sponsoring this show which will also feature the Sanctuary Choir of the First Baptist Church in Sudbury, MA.

Country music seems to attract families. Though most of today's hottest acts are single stars, it's the family acts that have lasted through fire and rain and stayed in the studio and on the road. For one thing there's lots of sweet harmony in country music, and there's no better harmony than that born of the same genes. Larry, Rudy and Steve Gatlin have been working at it for over 35 years.

Larry is the trio's reigning songwriter and his poetry has even been studied at the college level in Texas. The three brothers had their first public performance when they were all under the age of six. In the early years they performed with various stars like The Imperials, Dottie West, Tammy
